Subject: Uber

I am a tax paying resident, home owner, and small business owner in Charleston county. I recently learned of the psc's decision to cease Uber. I am truly disappointed in this decision. Uber has provided numerous safe rides to me, rides that otherwise would be unattainable due to the poor taxis services in Charleston. I urge the psc to reverse their prior decision and allow uber to operate in sc.

Countless times uber had been there for me when I would have had to wait an hour for a taxi. They are always safe, courteous and knowledgeable drivers.

They should continue to operate in SC. Why would you not want uber in the state when they are more qualified than the people you currently license?

I am,

John D. Turner

My policy is to use Uber when ever possible. Uber provides safe, reliable and convenient transportation . My family was more than happy when Uber came to Columbia SC. I am very upset that Uber's quality services may be ceased. Please reconsider the action to deny Uber service

Thank you for your time and consideration Katharine Haselden Sent from my iPad

Please do not block Uber from South Carolina. They are providing a valuable service and are doing more to keep drunk drivers off the road than any taxi company.

**Subject:** Uber

Good Afternoon,

I have been utilizing Uber to safely get around town for several months. I am very upset to hear that Uber is being shut down in SC. I travel to Charleston frequently for pleasure and business and Uber makes it very easy to get around town without me having to rely on a rental car or an overpriced Yellow Cab. When I make vacation plans I take transportation into account. I will be avoiding Charleston in my future travel plans until Uber is brought back.

Very Respectfully,

Samantha Sanchez
